PERSONAL STATEMENT

Results-oriented professional with a diverse background in bioengineering, logistics, and retail. Dedicated to continuous learning, I leverage technical skills to drive innovation in the healthcare and retail sectors. Experienced in international settings, fostering cross-cultural communication and global perspectives.

EDUCATION

- **Bioengineering:** Kyrgyz State Technical Razzakov University, Bishkek, Kyrgyzstan (2013 - 2017)
Conducted groundbreaking research on the digitalization of obsolete medical equipment in hospitals, focusing on transforming an analog device and an electric photocalorimeter into a digital information processing system.
- **Exchange Year:** ERASMUS+ Program, Beuth Hochschule für Technik Berlin, Germany (2016 - 2017)
Cultivated a global perspective and cross-cultural communication skills.

Certifications and Online Courses

- Online JavaScript Courses (April 2021 - September 2021)
- Google UX Design Certification, Coursera (June 2022 - October 2022)
- Udemy Courses (October 2022 - February 2023)
- Human-Computer Interaction Offline Courses, Lodz University of Technology, Lodz, Poland (February 2023 – July 2023)
- Google Foundation of Project Management Certification, Coursera (December 2023 – January 2024)

WORK EXPERIENCE
